A Child's Garden of Verses

presented by Country Garden Club

*Floral arrangements created by the next generation of book lovers.
for youth ages 5-12*

A Child's Garden of Verses is the youth category of "A Way With Flowers," a judged flower show. This spectacular display of flower arrangements can be viewed on Saturday, June 2 from 9-5:30pm and Sunday, June 3 from 1- 4pm.

Tips for transporting your arrangement:

Drain off most water before transport and refill once in place at Library.

We suggest you use a small waterproof container and transport in a larger cardboard box. Crumple newspaper and wedge around bottom of container to hold your arrangement secure and upright during transportation.

Children's Floral Arranging Entry Guidelines

Select your favorite children's book to inspire your arrangement. Craft a 2-3 sentence purpose statement that explains why you chose the flowers that you have used to depict your chosen story.

- Please use fresh flowers and greenery in your arrangements.
- The size of the completed arrangement should be no larger than would fit inside a 2.5 foot cube; that means no dimension of the height, width or depth of the entire arrangement may exceed 2.5 feet or 30 inches.
- Small accessories that fit within in the dimensions of the arrangement and add to the desired theme of the piece are permitted.
- You may choose to use Oasis wet foam in your container to help the flowers stay in place once added to the arrangement. This foam can be purchased at local craft stores in the floral departments and should be soaked in water thoroughly before being added to your chosen container.
- It is a good idea to use the floral preservative powder that likely comes with the flowers you purchase. This will help your arrangement to remain fresh and perky throughout the show.
- Flower arrangements should be executed by the children with minimal help from parents.
- Prizes awarded for Best In Show
