Ages 8-12

Register at the Information Desk.

Join us as we have activities and discussions based off this month's book: *Nightmares!* by Jason Segel. Charlie Laird has several problems: 1. His dad married a woman he is sure moonlights as a witch. 2. He had to move into her purple mansion, which is not a place you want to find yourself after dark. 3. He can't remember the last time sleeping wasn't a nightmarish prospect. Like even a nap. What Charlie doesn't know is that his problems are about to get a whole lot more real. Nightmares can ruin a good night's sleep, but when they start slipping out of your dreams and into the waking world - that's a line that should never be crossed. And when your worst nightmares start to come true... well, that's something only Charlie can face. And he's going to need all the help he can get, or it might just be lights-out for Charlie Laird. For good. Refreshments and pizza will be served.

Long ago, it was the Piven Institute for the Care and Correction of Troubled Females-an insane asylum nicknamed *Hysteria Hall*. However, many of the inmates were not insane, just defiant and strong willed. Kind of like Delia herself. But the house still wants to keep "troubled" girls locked away. So, in the most horrifying way, Delia gets trapped. And that's when she learns that the house is also haunted. Ghost girls wander the halls in their old-fashioned nightgowns. A handsome ghost boy named Theo roams the grounds. Delia finds that all the spirits are unsettled and full of dark secrets. The house, as well, harbors shocking truths within its walls - truths that only Delia can uncover, and that may set her free.
