### January 9 - Reel Talk: East of Eden

Way Library continues its classic film series with "East of Eden," the film version of John Steinbeck's classic novel. His performance earned one of the film's four Academy Award nominations. This free showing is on Thursday, January 9th at 10:00am.

### January 12 - 200 Years of Visitors to Northwest Ohio

On Sunday, January 12th at 2:00 pm, Jack Shaffer, longtime Perrysburg resident and retired Director of the Health Science Library at the former St. Vincent Medical Center will speak on "200 Years of Visitors to Northwest Ohio". The presentation is meant as an entertaining look at "local" history with the following coming our way: an ancestor, a look inside a Methodist circuit rider's saddlebag, a coast-to-coast horseback rider, a future WWII correspondent's predicament in a Toledo restaurant, and an adventurous

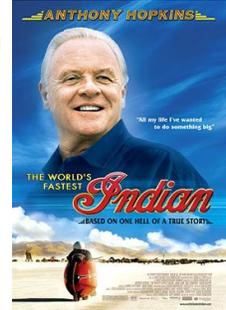

woman.

Spend a Sunday afternoon with all of the above. This program is free and open to the public. Refreshments will be provided.

### January 13 - Free Showing of World's Fastest Indian

The next "Show Me the Movie" event will be January 13 at 2:00pm. We'll be showing "World's Fastest Indian."

Introverted Burt Munro's obsessive tinkering with his 1920 Indian motorcycle may not have made him popular with his neighbors, but it did eventually turn him into a beloved folk hero in his native New Zealand. When Burt (played by Anthony Hopkins) decided to take his ancient machine to the Bonneville Salt Flats to challenge the world speed record in 1967, officials and fellow racers were shocked by his unassuming demeanor and obsolete-looking bike. But Burt was nothing if not confident in his "old girl," urging her on to break a record. Please join us for this endearing portrayal of Burt Munro on his ride of a lifetime.

Adults only. Admission and refreshments are free. This event is sponsored by Skotynsky Financial Group, LLC.

### January 16 - "Reel Opinions" Program on Explorer Sir Ernest Shackleton

On Thursday, January 16th at 10:30 a.m., WGTE and Way Library will present the program "Chasing Shackleton". A new series follows an expedition that recreates Sir Ernest Shackleton's Trans-Antarctic Expedition, launched in 1914. A modern-day crew of five intrepid explorers attempts to duplicate Shackleton's epic sea-and-land voyage in a replica of the original explorers' lifeboat, James Caird, using only the tools and supplies his team used. When the ship Endurance was crushed by ice and sank, Shackleton's leadership saved the lives of 27 men stranded for more than 500 days. There will be an opportunity for discussion following the screening.

This program is free and open to the public; refreshments will be served.
