## WAY TRUSTEES OPT FOR 1.5-MILL LEVY ON AUG. BALLOT

The Way Library Board of Trustees voted unanimously at its regular meeting on Thursday, January 24, to take the steps necessary to place an operating levy on the August 5 special election ballot.

The levy request is a four-year replacement of the existing 1.0-mill levy with an increase of 0.5 mills for current expenses. The library's current 1.0-mill operating levy expires at the end of this year.

If approved by the voters, this levy will raise about \$860,410 annually for four years, providing approximately 39% of the library's income. Currently, the owner of a \$200,000 house pays \$62.00 per year; with the new levy, that will increase to \$91.88, or 25 cents per day.

The library board discussed the pros and cons of an August levy vs. a November levy, concluding that an August levy was worth the additional cost considering the immediate loss

of revenue which would occur if a November issue failed: Without operating levy funds, Way would need to take drastic action to curtail the library's budget, including closing on Sundays and other undetermined days, reducing staff, and trimming >>>> **Cont. p. 2**

Director Nancy J. Kelley welcomes new trustee Zach Clark.

## Way, Historic Perrysburg to host Fallen Timbers talk March 12

On Wednesday, March 12, at 7 p.m., Way Library and Historic Perrysburg, Inc., will present a free lecture by **Dr. G. Michael Pratt**, anthropology professor and associate vice president for academic affairs and dean of graduate studies at Heidelberg College, entitled "**Discovering the Fallen Timbers Battlefield: the Archaeology of a National Historic Site.**"

Dr. G. Michael Pratt

On August 20, 1794, the allied American Indian tribes of the Old Northwest attacked the advancing Legion of the United States commanded by General "Mad" Anthony Wayne. For more than 200 years the actual site of this historic battle remained unknown. Dr. Pratt's 1995 archaeological survey determined its location and led Congress to create the Fallen Timbers Battlefield and Fort Miamis National Historic Site. In his talk at Way Library, Dr. Pratt will describe how his team used multifaceted remote sensing to discover the battlefield location and, during follow-up surveys in 2001, sites of potential casualties.

A native of Middletown, Ohio, Dr. Pratt received a bachelor of arts degree in anthropology from Miami University and his master's and doctorate in anthropology from Case Western Reserve. He directed the UT Regional Ohio Historic Preservation Office until 1981 when he began teaching at Heidelberg College. From 1981 to 1984 Dr. Pratt directed a public archaeology project at the 1794 British Fort Miamis in Maumee. In addition to his teaching and administrative duties at Heidelberg, he has served three terms and as chairman of the Ohio Historic Preservation Advisory Board; he also is a former president and trustee of the Ohio Archaeological Council.

## Way trustees, cont. from p. 1

<<allocations for material purchases. Programming and technology updates would be put on hold.

As Trustee Dick Sipp told the board, "Our responsibility is to the community. This library is too valuable an asset to take a chance at losing it or decimating it. We must go on the ballot at the earliest opportunity, which will be in August. Every effort will be made to assure that the Perrysburg community will keep our fine library."

After experiencing losses of revenue due to cutbacks in state funding, Way Library was one of many libraries in the state that turned to local support through property levies. We passed our first operating levy four years ago. Cutbacks in library funding continue to plague Ohio libraries. The Ohio Library Council predicts a continuing erosion in state funding in the near future.

"We are looking at every means possible to be fiscally responsible and to save on the costs involved with running our library," said Nancy J. Kelley, Way Library director.

"However," she added, referring to a resident's suggestion to the county commissioners, "the possibility of merging with the county district library in Bowling Green is **not** supported by our board of trustees or by our staff. We work with the county library through WoodLink and many cooperative ventures. We feel strongly that the Perrysburg community needs and deserves its own library."

## Way to change public computer management system in mid-March

Patrons who use the public computers at Way Library soon will be introduced to a new way to log on...and to a slightly different set of rules for using the PCs near the Information Desk or in the Tech Lab on the lower level.

Instead of using a "Smart Card," patrons will enter their library card number and four-digit pin, just as you do when you use the Way Catalog. If you have money on your Smart Card, it will be transferred to your new account. Your time on a public computer will be restricted to a cumulative two hours on any one day. If you have outstanding fines totaling > \$5, you will be blocked from using the public computers. One Express computer with a 15-minute limit will exist for checking email. Guests visiting from out of town may be granted a one-day pass.

Check library signs to learn when the new system will take effect. We will guide you through the steps necessary to learn a new—and easier!—way to use Way computers.

## **2008 Way Snow Ball attended by 500+**

Winter can seem endless in northwest Ohio. Way Library's Snow Ball family game night has proven yet again to be a fine antidote. On Friday evening, January 25, more than 500 area residents came to this event with a wintry theme and plenty of fun activities to entertain all members of the family.

Library staff members and many, many community volunteers, including members of the Perrysburg High School Honor Society and arts group Prizm, worked hard to make this event possible. Our guest, paper artist Mary Gaynier, led a popular workshop on paper-cutting, and her elegant snowflakes were admired by all. Snow cones, cookies and treats were made by Way staff. Way staff members thank all who attended. We hope to event in winters to come.

Let it snow!
