## National Novel Writing Month (NaNoWriMo) Events

Get your pencils sharpened and your laptops charged up, because November is National Novel Writing Month (NaNoWriMo). From November 1st to the 30th, participants around the world will write, and write, and write some more until they reach 50,000 words. That's right - 50,000 words in 30 days.

NaNoWriMo started in 1999 and by 2011 had 256,618 participants and 36,843 winners (those who reached the 50k word goal). Writing such a large quantity in such a short time encourages the silencing of the inner critic and can allow writers greater freedom to express themselves. There are several bestselling novels that began during NaNoWriMo, including The Night Circus by Erin Morgenstern and Water for Elephants by Sara Gruen.
