

## Supplies

6 inch x 6 inch piece of painted wood  
Apple or Pumpkin Stencil  
50 puzzle pieces painted red or orange  
2 grass green puzzle pieces  
2 inch cut piece of light brown ribbon  
**All items above are included in the kit.**

Hot glue gun and glue gun sticks OR  
Wood Glue or other strong glue

## Step 1

Center stencil on 6x6 piece of painted wood. Glue light brown ribbon to top of open space in the stencil for the apple or pumpkin stem. Do not glue the ribbon to the stencil, just the board. *For a different background, attach a piece of fall paper to the wood board before attaching the stem.*

## Step 2

Glue puzzle pieces to the board using the stencil as a guide.

### Step 3

Add another layer of puzzles pieces.

### Step 4

Keep adding puzzles pieces until they are all gone or you are happy with your apple or pumpkin. *The picture on the left has about half the puzzles pieces glued down. The picture on the right has all the puzzles pieces provided glued in place.*

### Step 5

Remove stencil from around the puzzle pieces. Glue the two green puzzle pieces to the stem for leaves.
